Designed With Precision. Built For Performance.
Delivered With Care

Infrastructure & Capabilities

Located in Shivane, Pune, our 8000 sq. ft. Facility houses advanced equipment including CNC bending, shearing, and 2 KW laser cutting machines. We ensure end-to-end in-house production, from raw material inspection to product commissioning. A dedicated quality test setup ensures our products exceed expectations.

Key Capabilities:

- In-house design & engineering

- Laser cutting machine 2KW

- Complete panel fabrication & wiring

- 110 tonne 5-axis CNC bending machine

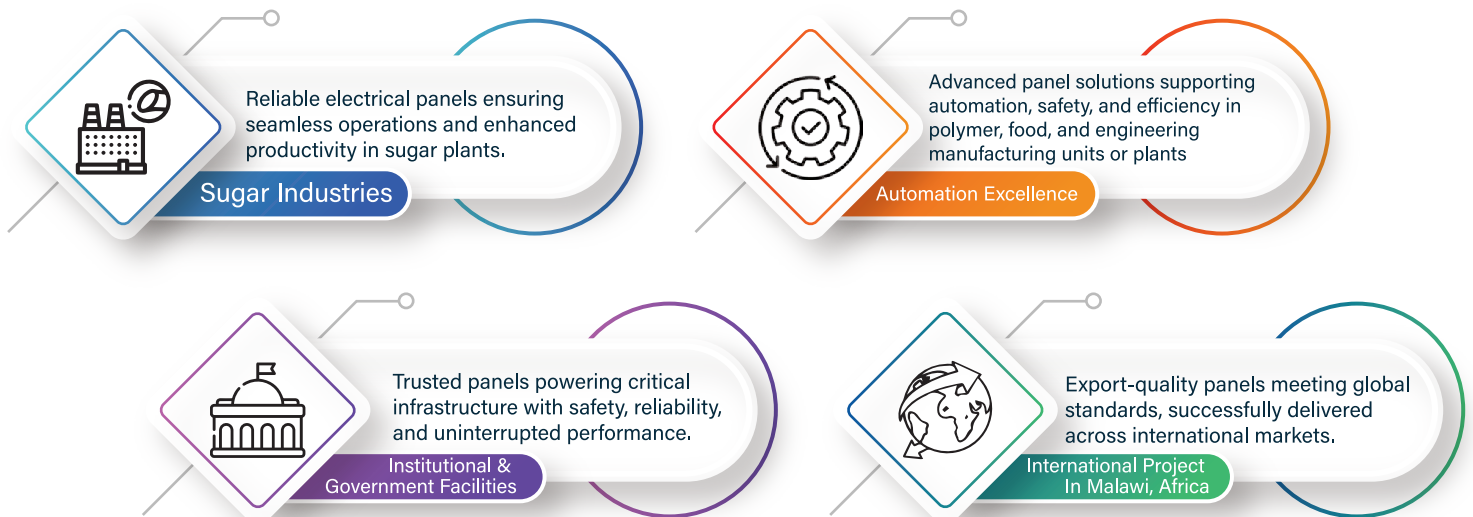

A Strong Backbone Of Technology & Expertise

Clients

Over 100+ trusted clients across India and beyond, including:

Projects

Leadership

Mr. Vijay Khomane
CEO

Since 2006, we've grown with a purpose — to be a trusted name in panel manufacturing with a passionate team and strong infrastructure, Visa Electrofab continues to innovate and deliver reliable electrical control solutions. At Visa Electrofab, we believe that quality, innovation, and integrity are the true drivers of success. Our vision is to deliver power solutions that not only perform today but inspire trust for tomorrow.
